GENERAL PROVISIONS:

The approval and issuance of this permit allows the property owner/renter to manage vegetation and to control noxious weeds on the City's right-of-way.

The City reserves the right to revoke or cancel the permit at any time should the permittee fail to comply with the terms, conditions, and regulations.

The term of this permit is during the growing/spray season and will need to be re-issued each year.

NO SPRAY

The City and its contractors will refrain from applying herbicides to the location specified on the backside of this permit. The permittee shall control all vegetation in the specified location, including noxious weeds, by cutting, mowing or hand pulling in lieu of chemical treatment. *If the permittee fails to control vegetation, the City _____ or its contractors may remove the vegetation without notice and the removal could include the use of herbicides.*

VEGETATION MAINTENANCE PROVISIONS:

- Cut or mow back all grasses and non-woody vegetation for a distance of (4') from the edge of the pavement, and maintain during the growing season. It is the property owner/renter's obligation to maintain everything to the asphalt or gravel.
- Control all brush, weeds and grasses from the edge of the pavement to the right-of-way.
- All trees or shrubs need to be cut back in alleyways to make room for emergency services to travel.
- All noxious weeds listed in the Sherman County Weed Departments Weed Policy shall be removed.

SPECIFIED LOCATIONS:

- Mark on the backside of this permit the areas you will be maintaining as a "NO Spray Zone".

CERTIFICATION:

I certify that I understand and will abide by the terms and provisions of the Vegetation-No Spray Zone Control Application.
